hours service, please hit **#3**.

Our Wonderful Staff:

Josh Long—Operations Manager

Holly - Office Manager

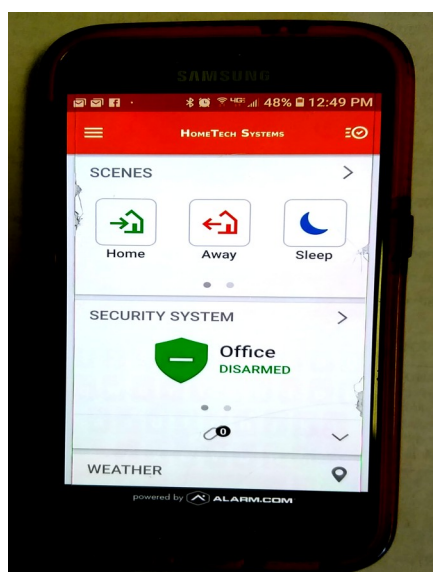

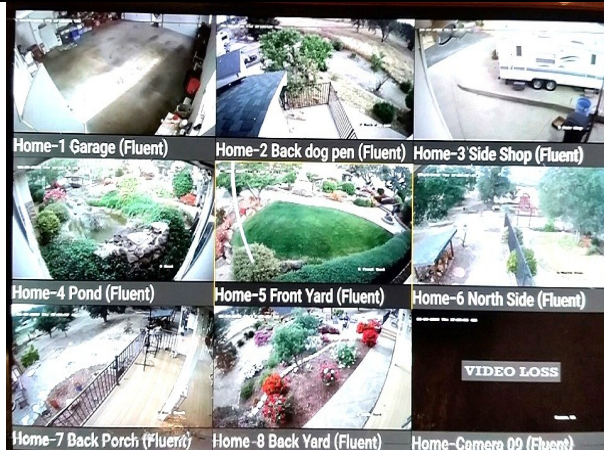

Mike—Sales & Technician

Steven—Technician

Guy—Technician

HomeTech Systems is a family-owned business. Our main purpose is helping to protect you and your family with Security Alarms & Camera systems for your home and business. We also design and install excitHome Theater Audio systems and we have been introducing HOME AUTOMATION to many customers. We want our customers to feel safe and secure at home and at their businesses. You and your families are important to us. Please let us know how we can serve **YOU** better.

Camera Systems: Closed Circuit TV Camera technology has come along way in the last few years. Cameras and a monitored Alarm system go together—Get notified, pull up your cameras & see what's going on. We can customize every installation to your needs. This picture is of eight outside cameras and inside the garage. **All this on an App on your cell phone! Call for a FREE quote!**

Time to get on board with Technology!

We've expanded the Smart phone App (see the picture on the left) One app umbrella for your alarm, camera, thermostat, lights, and garage door opener. **See when your alarm is armed and by whom.** No more wondering if the system is armed or not when you leave on vacation, to work, or just to run to the store. Forgot to arm your keypad before getting in bed? Just pull it up on your Smart phone and arm your system in the "stay" mode. Now you can sleep without worrying about it. Same for the thermostat. Think of the cost with leaving the AC on when you leave for a two week vacation....No problem, just pull it up on your cell phone app and see if it's off or on.

← **Screen shows Home/Away/Sleep**

FREE HOME/OFFICE VISITS TO CHECK YOUR SYSTEM **To show our appreciation to our customers,.**

We are still in the process of calling all of our customers to come out and **check** * your home or business Alarm system for FREE! **We will be calling and setting up the appointments.** Josh, Dennis, or Mike will check your system, update your contact list and talk to you about our exciting new services. **Or you can give us a call if we haven't contacted you yet. (\$95.00 value *does not include repairs)**

*******ATTENTION CUSTOMERS - IMPORTANT INFORMATION*******

How old is your system? Do you think the same technology twenty years ago is the same now? How many times have you upgraded your cell phone in twenty years?, TV's? Had a new car in the past twenty years? Guess what—your alarm systems needs to be upgraded too. Don't get complacent with the one thing that is protecting you and your family. The time is NOW to upgrade your home and your business system. **Alarm Additions: Cameras, smoke detectors, heat detectors, and carbon monoxide detectors can be added to your system. Don't forget 10 to 20% discount on your homeowners Insurance.** Just call the office for us to help you with the form to email to your agent.

HAVE YOU BEEN TO OUR WEBSITE?

Visit our website at: www.hometechsystems.net for the following:

- Instruction manuals for your keypad: Trouble shoot a problem
- See our Alarm Systems, Camera Systems, Audio Systems, etc.
- For our office phone number, our toll-free number, addresses and more!
- You will also be able to email us for contact list changes, **going on vacation**, or just send us a question.
- This Newsletter. New upgrade on website coming soon!

Summer is Coming! Would you like a window opened?

You can still arm your system **AND** have your bedroom window open. Two options: **1)** We install an alarm screen that is wired into your system. You can now open and close your window all night. As soon as someone tries to remove the screen, the alarm sounds! **2)** We can "vent" your window where it opens about eight inches and if someone moves it off it's mark, the alarm goes off! So Convenient! Call us **TODAY** to have **security** and feel **cooler**.

6/1 to 9/1/19 \$100 for your Referrals * Do the people on your contact list have an alarm system? Do any of your employees have an alarm? How about your neighbors? Family, friends? Shouldn't they feel safe & secure like you do? **We will give you a \$100 CASH for Referrals *** Think about how many people you can help feel more SECURE! Think about the extra money to cover your monitoring fees or a vacation? ***new customer needs to sign a 3-yr Monitoring Agreement.**

Our Six grandchildren camping with us. Ages almost 12 to 5. Such great memories. We are so blessed!

HELP! WE NEED YOUR EMAIL ADDRESSES.

Why? So that we can send you your invoices, payment receipts and any notices or specials that are going on. Having emails would save us the cost of postage. (currently over 50 cents—crazy!) **PLEASE, PLEASE** Send all email addresses, changes, or questions to: **customer care**

@hometechsystems.net
THANK YOU! THANK YOU!

YOU DO GET WHAT YOU PAY FOR!

Should you get an alarm system from your TV or phone provider? **ABSOLUTELY NOT!** How about do-it-yourself kits? **NO!** The price might sound good but really, what kind of SERVICE do you get? Do these providers know the local ordinances? **No!** When you call for service, when is the appointment? Next week? Do you really want the cheapest provider to PROTECT your family and possessions? We, here at **HomeTech Systems** pride ourselves on providing the best service, valuing **You** as a customer, not a "number". We provide 24-hr. on-call technical service, U.L. central station, locally owned and operated with over 43 years of experience in the ALARM Industry!. We stay abreast and are leaders in the latest technology for your protection. We truly thank all of you for your loyalty and friendship!

REMINDERS

For billing of Service and newer monitored accounts: Please send your payments back to us in the envelope we provide TO: **3046 Atchison Street, Riverbank, CA 95367**

For most of our Monitored Alarm accounts, please use the return envelope the billing company we use, provides with the invoice.

WE WANT TO GO PAPERLESS. Please email us your email address to: **customer care @hometechsystems.net** (also found on our website) Email us for "out of town" dates, call list changes, your phone number changes, or any other needs. Again, Thank you!

We have the best Customers!
